

Product Overview

published *January 2025*

Intensa intends to change the current environment by offering one of the largest color selections for medical and laboratory settings. We offer multiple textile collections with extensive color palettes, matching patterns and non-PVC vinyls.

Additionally, we accept preapproved COM (customer's own material) to match your specific design needs. Our color offering, combined with multiple casework finishes, provides interior designers with unlimited opportunities to incorporate color into their setting.

Browse from our selection of our top selling products. Escape from the one color exam rooms with our fabric selections.

Color Variations Swatches are digital reproductions. Perceived texture and coloring may vary on finished product. Monitor or printer settings will effect appearance of color.

Physician Seating

Intensa physician exam stools offer a variety of styles and options including varying height adjustments, multiple caster options as well as three distinct base options.

Exam & Treatment Tables

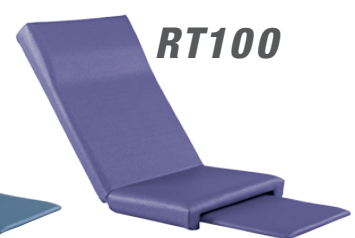

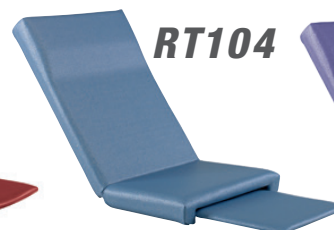

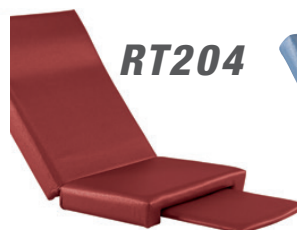

We offer a powered height adjusting exam table, a fixed height model with two stationary plus three pass through storage drawers, and a collection of treatment table options to meet most needs in the exam room.

Replacement Tops

Renewing medical office buildings with Intensa's new tops not only helps the environment by recycling existing equipment and reducing costs. Intensa's replacement tops are designed to not only fit our tables but some competitors' tables.

Phlebotomy / Blood Draw Seating

Intensa offers bariatric blood draw chairs with adjustable arm heights, helping to eliminate stress and strain from bending during the procedure.
